The following information is provided only for general information purpose. In view of the individual nature of tax benefits each investor is advised to consult with his or her own tax consultant with respect to the specific tax implications arising out of their participation in the scheme.

Based on the law in force and after considering the amendments made in the Income Tax Act, 1961 ("the Act") by the Finance Act, 2007, we give hereunder our opinion on tax benefits/implications that may accrue to a Fund and to different categories of unit holders in respect of their investments in a Fund.

1. TO THE MUTUAL FUND

Income of the Fund registered under the Securities and Exchange Board of India Act, 1992 (15 of 1992) or regulations made there under will be exempt from income tax in accordance with the provisions of section 10(23D) of the Act. The income received by the Fund is not liable for deduction of tax at source under section 196.

Finance Act, 2007 has revised the rates of additional income tax payable on the income distributed by domestic companies & mutual funds.

As per section 115R, Mutual Funds are liable to pay additional income tax on the income distributed by them.

Under the provisions of section 115R(2) of the Act, additional income tax is payable at different rates on income distributed by different types of Mutual Funds. Money Market Mutual Funds & Liquid Funds are liable to pay additional income tax at the rate of 25% plus applicable surcharge in the case of all investors. Other Mutual Funds are liable to pay additional income tax at the rate of 12.50% plus applicable surcharge on the income distributed by a Fund to Individuals and HUFs and at the rate of 20% plus applicable surcharge on the income distributed to any other assessee. Levy of education cess at the rate of 3% is also applicable on total tax payable. However, in respect of Equity Oriented Funds, no additional income tax is payable on income distributed by such Funds.

The term "Equity Oriented Fund" has been defined to mean a fund where the investible funds are invested by way of equity shares in domestic companies to the extent of more than 65% of the total proceeds of such fund. Further, it is provided that the percentage of equity share holding of the fund shall be computed with reference to the annual average of the monthly averages of the opening and closing figures.

As per sub-section 3, Mutual Funds are liable to pay the additional tax to the credit of the Central Government within 14 days from the date of distribution or payment of such income, whichever is earlier.

2. SECURITIES TRANSACTION TAX

Securities Transaction Tax ("STT") is applicable on transactions of purchase or sale of units of Equity Oriented Fund entered into on a recognized stock exchange or sale of units of Equity Oriented Fund to the Mutual Fund.

The applicable S.T.T. rates are given in following table:

Taxable Securities Transaction	Rate	Payable by

* Mutual Fund is responsible for collecting the STT from every person who sells the unit to it.
